

Equality and Access Audits for Premises

With over 15 years' experience working across the UK, Ireland and the Channel Islands ASAP offer comprehensive Equality, Disability and Access related services delivering within budget, on time, every time.

Equality, Disability or Access Audits relate to non-domestic premises and the Equality Act 2010 is the latest legal driver for these compliance audits. This legislation ensures that no disability will preclude anyone from enjoying the services offered within a building.

The duty holder is responsible for making reasonable adjustments to premises to ensure that no discrimination can take place within the premises they operate. Sometimes physical adjustments to buildings just are not possible (for instance in a listed building). The duty holder then has to look at alternative ways to offer the same service elsewhere.

Disabilities can be physical disabilities, mental disabilities, or a combination of the two.

ASAP Comply support duty holders by offering the following services:

- ✓ Equality & Disability Access Audits
- ✓ Access Audits
- ✓ Disability Employment Advice
- ✓ Consultancy Services
- ✓ Personal Emergency Evacuation Procedure (PEEP) App
